Term 5 – What is it like in space?

In addition to the daily reading and spelling practice please choose one of the following as a home learning challenge for the term. You must do one, you may choose to do more than one if you wish. Please bring in your challenge task on the week beginning the 18th May 2026

Speaking and English	Write a story set in space. You could make it into a book or type it to make a slideshow with pictures.	
Maths and Science	Find out the names of plants and trees. Could you take photos or draw them? Or Plant some seeds and keep a diary to show how they grow. or Make a rocket that flies! eg https://www.youtube.com/watch?v=Za6rGDIB3KE	
Being creative	Design and create your own alien. It could be from junk modelling, clay, paint or any medium you like. Or Create a galaxy in a jar. https://www.natgeokids.com/uk/home-is-good/space-in-a-bottle/	
Finding out	Find out about space rockets and create a fact file of information. Or Find out about the stars / constellations.	

Please choose how you wish to present your home learning. I look forward to seeing what you have chosen! Mrs Evans ☺

This term we will be focusing on spelling the following words (from the National Curriculum) correctly. We do not do weekly spelling tests in school but will practice these words regularly and will use it as an opportunity to practice handwriting too. You can help your child by doing the same at home.

Week 1&2	Week 3&4	Week 5
