

Badgers - Class 4

Term 5 – What is down-under?

In addition to the weekly home learning (Reading, TT Rockstars) please choose one of the following as a home learning challenge for the term. You must do one, you may choose to do more than one if you wish.

Please bring in your challenge task on the week beginning Monday 18th May 2026

Speaking and English	Create a postcard from a trip to Australia. Where have you been and what did you see? OR Choose a biome and create a podcast explaining what makes it unique. You might want to write your script first, and practise using a special broadcaster voice. Email it in when you're done.
Maths and Science	Become a "Matter Detective" in your own kitchen. Find and list three examples of each state of matter. Your challenge is to find one tricky item that might be hard to classify and explain why. OR Make a card game or board game that is linked to dividing by 10 and 100. How will you make it engaging for children your age?
Being creative	Make a famous landmark from Australia - you could build it out of Lego or junk modelling. OR Create one of the following biomes - Marine, Tundra, Desert, Rainforest, Forest
Finding out	Choose one of the following biomes to research the animals and plants that live there - Tundra, Desert, Rainforest, Forest OR Research a famous Aboriginal Australian - who are they and what makes them famous?

Please choose how you wish to present your home learning. We look forward to seeing it all! Many Thanks.
